Project #6, Grammar Presentation

Names: _____, _____, & _____ Class: 1 2 3 6 8

Our grammar topic is _____.

We are presenting on _____, May _____.

You and your group members are going to create a PowerPoint or Prezi Presentation on a designated grammar topic that was covered this year. On the day of presentation, you will have 27 minutes to present. Your presentation is split into these main parts:

A. Introduction (2 minutes)	Introduce your group by stating what each person is going to do today and what they are responsible for. Please give us a little preview of what we are going to do today. This may include a brief description of today's topic, and the activities that we are going to do.
B. Lesson (14 minutes)	This will be the bulk of your presentation where you teach the topic to us. Assume that we have not learned this topic before. Ensure that everyone is paying attention!
C. Interdependent Practice (9 minutes)	This will be an assessment of how well we understood your topic. This will be graded work such as a handout, video or audio activity, or any other form of graded activity that you wish (be creative!). This will be considered as the day's quiz. Ensure that everyone is doing their work!
D. Closing (2 minutes)	Collect all quizzes and go over the answers. Review what we have learned today.

*Note: If you need copies made, please send me an electronic copy or give me a hard copy and I will make copies for you.
Do not write below this line.*
