

Dear Parents,

The overarching goal of Duval County Public Schools (DCPS) is to improve the academic achievement of all students within our school community. To meet this goal, we will be offering numerous summer learning programs. In an effort to support students, a range of programs from credit/reading recovery to enrichment will be available to assist with addressing the whole child. For your review, all summer offerings are listed below and additional details will be provided by your child's school.

--------------------	---	-----	----------------	------------------	--	--

As you can see, the district will offer a number of summer learning opportunities for our students. To ensure that your child is succeeding academically, I encourage you to conference with your child’s teacher to determine their current academic status and if additional assistance may be needed. Attached to this communication, you will find a list of selected school sites that will host summer learning opportunities. If you should have any questions pertaining to summer programing or offerings, please contact the personnel as identified in the chart above.

Thank you for your continued support,

Nikolai P. Vitti
Superintendent of Schools
